April 1-30
The Skagit Valley Festival
One of the destination events for
the Pacific Northwest, held from
April 1-30. Every spring hundreds of
thousands of people come to enjoy
the celebration of bloom as millions
of tulips burst into spring. As with all
things governed by Mother Nature,
the tulips bloom according to their
own schedule sometime during the
festival. The tulips allow us to share
our corner of the world and showcase
Skagit Valley agriculture. Our festival
is designed as a driving tour for
the visitor as there is no one "site"
that you go to for your visit. This is
because the farmers in our valley raise
tulips as an agricultural crop and the
100s of acres of blooming flowers
are scattered throughout the Skagit
Valley in addition to the flowers.
Festival visitors enjoy taking in one of
the many events and activities that
happen only during April. These too
are scattered throughout the Skagit
Valley. For a map of sites visit www.tulipfestival.org
